STOCK THAT IS
GROWN RIGHT—DUG RIGHT—PACKED RIGHT

Hardy Hydrangea

The Nurseries

THE Aurora Nurseries are located 37 miles west of Chicago on the main line of the Chicago, Burlington & Quincy, the Chicago & Northwestern, the Chicago, Milwaukee & Gary, and the Chicago Outer Belt Line. The shipping facilities from Aurora are not to be excelled. Our establishment began in 1903 and has steadily grown until today finds us doing business in almost every State. Last year we built a large packing shed and storage house, and are now better equipped than ever to handle our constantly increasing trade.

We are deeply grateful to our friends for their past patronage and solicit a continuation of mutual cordial relations. Visitors to our Nurseries are always welcome.

We give particular attention to the propagation and growth of Ornamental Shrubs, although we grow a considerable quantity of shade and ornamental trees.

Terms, Etc.

HOW TO SHIP—When ordering always specify whether we shall ship by freight or express. Also give us the route if possible. When no directions are given we will use our best judgment as to how to ship, but in no case will we be responsible after goods are consigned to purchaser. When losses or damage occur while goods are in transit, either from delay or otherwise, make claim at once to the forwarding Companies.

TERMS—Terms of payment are cash or security before shipment. The usual terms of credit will be accorded to established firms, who if not known to us will please forward references. C. O. D. orders must be accompanied by one-fourth the amount of the order in cash.

PRICES—Prices are for the Fall 1917. This list supercedes all other lists and is subject to change without notice. Five plants of a variety will be supplied at the rate per ten—fifty at the rate per hundred—five hundred at the rate per thousand.

CLAIMS—Claims for deductions must be made within one week after receipt of goods.

PACKING—Prices in this List are Net; cost of Boxes, Bales, etc., will be added.

GUARANTY—While we exercise the greatest care to have our trees and plants true to label, and hold ourselves prepared to replace, on proper proof, all that may prove untrue, we do not give any warranty expressed or implied, and in case of any error on our part, it is mutually agreed between the purchaser and ourselves that we shall not at any time be held responsible for a greater amount than the original price of the trees.

Deciduous Trees
